

East Wake Academy Job Announcement High School Math Teacher

East Wake Academy, an innovative K-12 Public Charter School in Zebulon, North Carolina, is seeking to hire a committed, skilled, and well-qualified Math teacher. EWA is committed to focusing on the whole child, preparing all students to succeed in college and in 21st century careers.

Teachers and Staff Members at East Wake Academy will:

- Focus intensely on increasing student achievement and opportunities for all students
- Create inspiring, challenging, and effective teaching and learning experiences for all students
- Collaborate with fellow teachers and school leadership to build strong relationships with students, parents and faculty members
- Share in the leadership of the school by taking on essential roles in addition to teaching
- Be committed to serving all students, including Students with Disabilities, in the context of the regular education classroom using a variety of inclusion models
- Become part of a strong and supportive professional learning community

Job Responsibilities:

The Math teacher will:

- Teach first year Math students skills needed to obtain mastery and be successful in future Math course requirements.
- Teach at least one section of an Advanced Functions and Modeling to students in grades 11-12
- Incorporate inquiry and project-based units into all classes and create lesson plans in accordance with the North Carolina Department of Public Instruction's Standard Course of Study for Math.
- Track and monitor student progress, maintain communication with students, parents, and stakeholders.
- Work collaboratively with other staff to plan curriculum and build school culture across the school.

Qualifications:

- Bachelor's Degree in Education or relevant academic field is required
- Licensed and certified in Math (grades 9-12) by the North Carolina Department of Public Instruction
