Friday Sessions (Grades K-5)
July 27th, August 3rd, 10th, 24th, September 7th and 14th

LEGO® Engineering Explorers with Bricks 4 Kidz !

Each Set of Classes Features Completely Different Builds Than the Previous Sessions!

Bricks 4 Kidz is a STEM-based after school enrichment program in which students construct working models each week utilizing LEGO® Bricks and Technic® elements that incorporate motors and batteries. Our exciting themes include Interesting Inventions, Exploring the Everglades, Energy is Everywhere, Space Exploration, Cranium Contraptions, Amazing Animals, Factory Fun and others! Students not only gain engineering skills but learn science and fun facts about the model they build in each class. All activities are designed to enhance a child's self-esteem and improve fine-motor skills while triggering their imagination and building their self-confidence.

Rates and Registration:

All Sessions: \$120.00 per child

- All sessions include our Mini Figure Factory in which your child designs and takes home his or her own Lego® Mini Figure at the end of the session.
