Physician Printed Name: _____ Physician Signature: _____ Date _____ Phone _____

East Wake Academy

Parent Request and Physician's Order Form for Medication

To be completed by Parent:

I understand that:

- Non-medical personnel conduct the medication administration.
- It is my responsibility to have an adult transport the medication to school.
- If medication is not available at the school 911 will be called for emergencies.
- If my child participates in WCPSS before/after-school activities/sports, I will assume responsibility for contacting the advisor/coach of my child's medical condition. I will provide extra emergency medications that may be needed during the activity. I may contact the school nurse if assistance is needed in instructing the advisor in a medical procedure or if a copy of the information needs to be

I request that:

- My child be administered the medication as indicated in the physician's order.
- If an emergency injection is ordered, I give permission for the School Nurse to instruct designated staff in the administration technique

I authorize:

- The release and exchange of medical information between my child's physician, school nurse, and East Wake Academy that is necessary in carrying out services for my child. I

hereby give my permission for my child to receive medication during school hours. This medication has been prescribed by a licensed physician.

I hereby release the EWA Board of Directors and their agents and employees from any and all liability that may result from my child taking the prescribed medication.

Parent/Guardian Signature: _____ Date: _____

Student Self-Carry and Self Administration of Emergency Medication

To be completed by Physician:

The student must have the medication(s) listed on the reverse side during the school day or at school sponsored events in order to function at school. **Adult supervision is not needed.** The student has been instructed in the treatment plan, self-administration of the listed medication(s) and has demonstrated the skill level necessary to self-administer medications for:

- Asthma
- Severe Allergy
- Other _____

For Epinephrine Auto Injector Only:

In the event the student is experiencing respiratory difficulty and is unable to administer the Epinephrine Auto Injector the School Nurse will train designated school staff to administer the Epinephrine Auto Injector and call 911.
